Our Shady Lane Cellars proprietary blend is 43% Cabernet Franc, 43% Blaufränkisch and 14% Merlot. These varieties complement each other seamlessly creating a rich, expressive red that has acidity and structure; a fantastic food pairing wine. The base for this blend comes from a field blend of Cabernet Franc and Blaufränkisch at our Estate vineyard. The fruit was cold soaked for three days and then fermented in small lots, utilizing different yeast strains. It is aged in French oak before the final blend is made, shaping a wine that tells a story of quality and craft.
